

# RELINQUISH DOCUMENTATION REQUEST

## ***The Radiation Authorities require documentation for all Electron Capture Detectors.***

*ECD's must be discarded in an authorized manner. This can only be done by a licensed company. C.J. Bruyn & Co. is a Specific Licensee authorized to accept ECD's and provide the required documentation.*

*Regulations require a Leak-Test performed by a Specific Licensed Company. C.J. Bruyn & Co. is licensed to assist in the relinquishing of Ni63 Electron Capture Detectors.*

***Complete the form below and include with your Electron Capture Detector.***  
*Documentation will be generated and mailed within 7 days of receipt of ECD and form.*

## **PACKAGING METHOD:**

1. Place ECD(s) in a container marked: **“CAUTION RADIOACTIVE”**.
2. Place this container inside a sturdy cardboard box.
3. Fill up with packing material.
4. Place this form (attached to Request Form), so that the Shipper Certificate information (this side) is on top, then close the outer container.
5. Mark the outside with C.J.B. & CO's address.

**Do not mark outer box Radioactive. The ECD is an Excepted Article.**

**MARKING THE OUTER CONTAINER “RADIOACTIVE”,  
MAY CAUSE DELAY OR REFUSAL TO DELIVER.**

**Include completed Order Information Form and  
place this side up before closing outer box.**

---

**Please write any additional information here.**
